FALL 2023

MAYORS MEMO: BOB PAUL

Thankful for a Community

Recently, I attended several funeral services for Huntington Woods neighbors. As is often the case in our fair city, relationships between neighbors evolve over the years from neighborly to true friendship. The reading at one of the services was the story of: Whatever you did for the least of these brothers and sisters of mine, you did for me. As I looked around the sanctuary, just as it was at visitation the night before at the funeral home and at Dorfman Chapel for another friend, there were

many family members and family friends present to celebrate the life of the recently deceased. But what really hit me as I listened to the words of the reading was the number of Huntington Woods residents who took some time from their busy life to pay their respects to their neighbor and offer support and comfort to the family. It was a simple gesture of friendship that is so common here in Huntington Woods that we almost take it for granted. The message of caring for others in everyday life is simple yet powerful and an excellent way of describing the wonderful way of life we have in our community.

Huntington Woods is truly a welcoming place that promotes this community bonding through social interaction. Whether it starts with a club or organization you join, a program or class you register for through the Library or Parks & Recreation, a neighborhood get-together or block party, joining a City Board or Commission or just helping a neighbor by taking out their trash, raking leaves or shoveling a sidewalk, it is that first gesture that leads to so much more. Before you know it, you have developed friendships that evolve into a lifelong friendship.

Thank you to all the residents and city staff that continue to make the difference that keeps Huntington Woods at the top of the list, year in and year out, for best of "everything" in Michigan.

I am eternally grateful to have found this place to live in and immensely proud to represent such a special community.

Your Mayor,

Bob

GORDON LIGHTFOOT TRIBUTE

Tuesday, October 24, 7:00 pm

Highly recommended, Mike Fornes has built a reputation for his amazingly accurate and musically convincing Gordon Lightfoot concerts. Mike rarely breaks character and his tireless research and personal interactions with Gordon Lightfoot himself, have led to very real mannerisms, speaking patterns, clothing, and of course, identical guitars to Lightfoot's. Drawing from more than 70 Lightfoot songs for each concert, Mike is joined onstage by a lead electric guitarist and a keyboardist.

Check the library website as the concert date nears for location information.

BULK LEAF PICKUP by DPW

Fall leaf collection begins in late October and continues to approximately December 1, weather permitting. Snow or ice before that time affects our ability to continue leaf pickup. The leaf vacuums will be down every street at least once a week. Rake all leaves into the street, and try to leave a little space between the pile and the curb. Make sure that there are no rocks, sticks, pumpkins, potted plants, vines, or debris of any kind in the leaf pile. These objects can easily damage the equipment. Please do not park cars in the street during business hours in leaf season. Residents living on Eleven Mile Road should put their leaves on the right-of-way for Thursday afternoon pickup. Try not to save all your leaves for a single pickup. We can do a better job if the leaves are picked up over the span of a month.

Leaves put in the street too early or too late could result in fines – check the City website or call DPW if you are unsure. It is the homeowner's responsibility to inform their landscapers of acceptable leaf handling.

CHIPPING: WEDNESDAYS (EXCEPT DURING LEAF PICKUP)

Chipping is for small amounts of branches, 2 to 6 inches in diameter and 4 to 8 feet long. (Smaller branches and root balls should be put in yard waste containers, for Tuesday pickup in yard waste season.) Stack branches neatly with cut ends toward curb. Have branches out for chipping by 7:00 am on Wednesday. In case of inclement weather on chipping day, or following a storm, the branches will be picked up on the following days. Landscapers and contractors must remove branches and brush that they cut. Please note: Chipping is paused during leaf vacuuming due to limited resources. Leaf pickup ends approximately December 1 but depends on weather. Subscribe to the weekly eblast for timely updates.

Christmas trees will be chipped as well, but only with all lights, tinsel, and decorations removed. They must be taken out of their stands. Christmas trees that are placed at the curb with decorations, etc., will become the resident's responsibility to dispose.

WATER METERS

Water meters are read quarterly. Please maintain a clear path to your outside meter reading device, year-round. This little black device is linked to your water meter and is used by the City to read the meter from outside. DPW employees must connect directly to the black box.

HELP ELIMINATE THE UNDESIRABLES

Trash containers, and even the heavy-duty recycling carts, can be susceptible to rodents. To avoid inviting pests, keep them clean by rinsing the container often and spray the inside with bleach. Double bagging your trash can discourage rodents. Also, police your yard for situations that can feed or shelter rodents: wood piles, overgrown vegetation, and dog droppings all invite rats. Keep fruit/veg scraps for yard waste collection in the freezer until the day of collection if you can.

RECYCLING, YARD WASTE & TRASH - TUESDAYS

PLEASE NOTE: Pick up will be delayed one day following Labor Day, Christmas and New Years Day. No changes in pickup for other holidays this fall/winter.

TRASH

Trash must be put into either a 2-mil-thick plastic bag or in bags inside of a 35-gallon covered container. Be sure to have trash set out at the curb by 7:00 am on Tuesday or it could be missed. Bulk items, like appliances, can be set out next to other trash.

Wheeled 35-gallon trash carts are available, at cost, at the DPW.

YARD WASTE COLLECTION CONTINUES THROUGH DECEMBER 12

Place yard waste either in a marked 35-gallon can or brown paper yard waste bags. This is where you can recycle your fruit/vegetable scraps, jack-o-lanterns, corn stalks, hay bales, spent potted plants, small branches, small tree roots, wood chips, potting soil, wood ashes, small logs, garden material, untreated and unpainted wood with nails removed. *No animal waste can be included with yard waste!*

Yard waste cans cannot weigh more than 50 lbs (40 lbs for the paper bags), and the material inside should be as dry as possible when using bags. The DPW has Yard Waste stickers for cans available at no charge. We also sell yard waste bags for \$2.50/bundle.

RECYCLING: CURBSIDE PICK-UP

With our single-stream recycling carts, curbside recycling is fairly simple: everything goes into the cart with no need to separate items.

- Cardboard, which should be flattened and placed in the cart.
- Paperboard (cereal boxes, paper towel rolls, tissue boxes, etc.)
- All paper, including envelopes with windows, a staple or two. Shredded paper should go in a heavy, clear plastic bag (available at DPW) and placed in the recycling cart. This is the **ONLY** plastic bag allowed in the cart.
- Plastic containers (including "clamshell" and thermoform packaging). If it once held something, it's a container. Keep lids on plastic bottles, jugs, or jars – containers should be clean.
- Metal cans, including aerosol cans. Balls of clean aluminum foil.
- Glass containers – jars, bottles, thick vases, but no window glass or mirrors. Any color of glass is ok.

SOCRRA DROP-OFF

At the time of this publication, SOCRRA's **drop-off** site is available BY APPOINTMENT ONLY, which can be scheduled online at www.socrra.org. SOCRRA is releasing a few new appointments each day, so you can check later in the day if your preferred date is full on your first try. If you do not have access to the internet, please call the DPW at 248-547-1888 and we will help you to make that appointment.

SOCRRA is **no longer accepting** the following items: Plastic Bags, Plastic Wrap, Bulky Rigid Plastics, Hardcover Books, VHS Tapes/Cassettes/CDs, Bottle Caps, Clothes & Shoes.

Please check SOCRRA's website for up-to-date information on alternative places to drop off recyclables, scrap metal, or hazardous materials.

CURBSIDE COLLECTION TUESDAYS 7:00 AM - 6:00 PM

Containers or items for recycling, yard waste, or trash may be put at the curb no earlier than 4:00 pm Monday and no later than 7:00 am on Tuesday. Empty containers must be removed by midnight on Tuesday. They should be stored behind the back wall of your home or out of sight whenever possible.

MAXIMUM CONTAINER SIZES AND WEIGHTS

- **Trash:** 35-gallon cans/50 lbs or 2 mil plastic bags/40 lbs
- **Recycling:** City-supplied wheeled cart/60 lbs. Larger 96-gallon carts are available for purchase at the DPW while supplies last. Everything must go inside the cart, not next to it.
- **Yard waste/kitchen scraps:** 35-gallon cans/50 lbs - paper yard waste bags/40 lbs. Free stickers for cans are available at DPW. Little bins are available at our cost at the DPW for kitchen scraps, if you prefer. Yard waste (including food scraps bins) are picked up from April - December 12.

If you experience problems with collection, please contact the DPW at 248.547.1888 or email hwdpw@hwmj.org, as soon as possible. With current fuel prices and labor shortages, we will avoid asking the trash hauling company to return for "missed" items, so please follow the rules closely to avoid being missed.

WINTER WEATHER

PLEASE BE ADVISED: SNOW EMERGENCY

A snow emergency is in effect for any snowfall amounting to 4" or more. During a snow emergency, you may not park your vehicle in the street. Any vehicle left in the street may be ticketed or towed.

HOMEOWNER RESPONSIBILITIES

Even though the DPW makes every attempt to broom sidewalks, homeowners are still responsible for keeping them clear of snow and ice. Please do not park vehicles across or too near sidewalks, so that our broom can clear the walks.

When clearing your driveway, please make sure that you or your contractor keeps plowed snow on your property, not on your neighbors' or in the street.

SNOW PLOWING INFORMATION

For safety's sake, keep streets and sidewalks clear of vehicles, overhanging limbs, and debris (including trash and recycling carts!) During and after a snowfall, do not park your car in the street or across the sidewalk. The DPW will always keep streets safe, but declining revenue sharing from the State highway fund means that plowing after snowfalls of less than 4" must be carefully considered. Your cooperation in keeping the roads and sidewalks clear allows us to be more efficient.

To reduce the amount of snow that gets plowed into your driveway, you could clear out a "pocket" on the right-of-way past your driveway. This means that more snow ends up on the right-of-way and less in your driveway.

FIRE HYDRANTS

Public Safety and the DPW appreciate your help keeping hydrants clear of snow. This effort is important for the safety of the entire community.

FREEZING TEMPERATURES AND WATER PIPES

Cold weather can wreak havoc on plumbing and cause pipes to break. If temperatures fall below 15° F for an extended period of time, you may prevent pipes from freezing by leaving a cold water faucet dripping. If you will be away, you might want to turn your water off at the meter. Your water meter should be exposed to the heat in your home. Yes, dripping or trickling water will add to your water bill, but it is far less costly than a burst pipe.

PARKS & RECREATION

The fall session begins Monday, September 11. Classes will not meet Sept. 15, Sept. 25, Oct. 20, Nov. 7, and Nov. 22 - 24. Please see the back page of the Newsletter for registration information. Age requirements for classes are as of the first day of class.

WEATHER CANCELLATION: In the event of inclement weather, outdoor classes may be canceled. Every attempt will be made to make-up for all canceled classes. There will be no refunds for weather-related cancellations that cannot be added to the end of the session.
